

# The ROSENBERG Daily

## Let's Talk

Spring 2011, volume 1

### IRISH Clover Cookies

#### Ingredients:

2 3/4 cups all-purpose flour  
3/4 tsp. baking soda  
1/2 tsp. salt  
1 cup butter at room temperature  
1 cup sugar  
1 large egg  
1 tbsp. vanilla extract  
Green food coloring

#### Instructions:

1. Measure the flour, baking soda and salt into a medium-sized bowl. Stir well and set aside.
2. In a large bowl, cream the butter and sugar with an electric mixer for about 1 min. Add the egg and vanilla extract and mix until well combined.
3. Gradually add the flour mixture to the butter and sugar, mixing well after each addition. The dough should be stiff.
4. Add several drops of green food coloring. Knead the dough until the color is evenly distributed. (Make sure children wash their hands immediately after kneading-- food coloring can be messy.)
5. Gather the dough into two balls, flatten into disks beginning at the edge of the dough and working toward the center. Cover with plastic and chill for at least 2 hours or overnight.
6. After the dough has chilled, place one half on a large piece of plastic wrap, cover with another piece of wrap and then roll until it is 1/4-inch thick. Lift off the top sheet of plastic wrap and cut out shamrocks, beginning at the edge of the dough working toward the center.
7. Place each shamrock on an ungreased baking sheet. Heat the oven to 350 degrees. Bake for 8 minutes or until the edges begin to lightly brown. Remove to a rack to cool. For particularly festive shamrocks, decorate them with green candies or frosting.  
Makes about 34.

### "The Brace Without a Trace"

We are very proud to introduce In-Ovation L MTM System! You want your smile to get noticed, not your braces! MTM No Trace braces are the virtually undetectable orthodontic treatment to comfortably correct your smile in as little as 12-24 weeks.

The MTM No Trace System uses extremely small low-profile brackets that rest on the back side of the teeth to achieve minor tooth movement.

MTM No Trace braces gently guide your teeth into their ideal position with little disruption to your everyday life. MTM No Trace braces are the discrete treatment you've been waiting for, so don't wait another day to get the smile you've always wanted.

A more beautiful smile is just one of the many benefits of using the MTM No Trace System. Improved tooth alignment means easier access to the tooth surface during daily cleanings, reducing the chance of unwanted plaque buildup and possible tooth decay. And recent studies from the ADA suggest that a healthy mouth can also help you maintain better overall health.

It's likely you've already heard about many of the well-known personalities who have had their teeth straightened by braces that are affixed to the back of their teeth. But did you know that your orthodontist can offer you MTM No Trace orthodontic treatment for a fraction of the cost of many full mouth traditional wire braces? And did you know that MTM No Trace braces covered by many dental insurance plans? Learn all about cost saving advantages of MTM No Trace by visiting our easy-to-understand Insurance Guide at [www.MinorToothMovement.com](http://www.MinorToothMovement.com).

# We got De-Blinged!
